

Surface for Business

A complete guide to devices and accessories

Welcome to Surface for Business

Equipped with the right tools, everyone can achieve more. Microsoft Surface delivers performance with the agility to adapt to how users work, streamline processes for IT, and bring security for all.

This comprehensive guide illustrates how Microsoft Surface can boost employee experiences, bolster business resilience, unlock AI experiences, deliver cost

savings, and help you to choose the right Surface devices for your business needs.

The modern workplace – creating a new culture of work that empowers employees to unlock their full potential.

Designed by Microsoft. Built for business

Inspired by the way you work.

Surface devices are thoughtfully designed with you at the centre, adapting to how you work, learn and create. With high-powered AI productivity at your fingertips, Surface devices are versatile, secure and simple to use straight out of the box.

Thoughtfully designed

Designed, built, and tested to provide a productive user experience, enabling your team to focus, create, and get work done.

Future-proof productivity

Multitask with essential business apps, collaborate with premium video experiences, and get fast, secure mobile connectivity – made possible with intelligent AI-powered Surface devices.

Built for security

With hardware and software designed, built, and tested together by Microsoft, your teams can be confident they're productive and secure.

Versatile and adaptable

From 2-in-1s and laptops, to large screens and flexible form factors, let your team choose what's right for them.

Fuelling cost efficiencies

Productive Surface devices unlock savings over a three-year period¹, simplifying your hardware lineup and reducing IT costs.

Designed to work better together

Surface devices are designed and built by Microsoft to deliver the best experience across Windows 11, Microsoft 365, Microsoft Copilot, and more. Equipping and enabling your organisation to take advantage of Microsoft technology you already own to boost employee productivity and modernise your workplace experience.

SURFACE + WINDOWS 11 + MICROSOFT 365

- Business agility and operational efficiency
- Simplified deployment and management
- Enhanced security
- Accelerated AI experiences
- Copilot+ PCs

Surface lets you engage with AI in a way that's most effortless to you.

Surface brings software and hardware together – from device to cloud – to build an end-to-end AI experience that supports employees, IT, and business.

Surface devices paired with Microsoft 365 are worth almost 3x the investment costs over three years.¹

Range of Surface devices

A rich portfolio of devices built for business and inspired by the way you work.

2-IN-1s

Versatile tablet + laptop devices that provide mobile productivity for workers on the go.

Best for: Frontline workers, information workers, executives.

Surface Pro 11th Edition (Copilot+ PC)
Ultra-flexible design and AI accelerated power with Snapdragon® X Series processors and Qualcomm® Hexagon (NPU).

Surface Pro 10
Get tablet flexibility and laptop performance, with Intel® Core Ultra processors and Intel® AI Boost NPU.

Surface Go 4
The smallest, lightest Surface with a touch and ink capacitive PixelSense™ display.

LAPTOPS

All the power of a static desktop in sleek, modern form factors built for hybrid and remote workers.

Best for: Information workers, executives, engineers, developers.

Surface Laptop 7th Edition (Copilot+ PC)
Elevate productivity in a lightning-fast, ultralight laptop with Snapdragon® X Series processors and Qualcomm® Hexagon NPU.

Surface Laptop 6
Do it all with a sleek, lightweight, touchscreen laptop with Intel® Core Ultra processors and Intel® AI Boost NPU.

Surface Laptop Go 3
Exceptional value for the style, performance, and battery life expected from Surface.

Surface Laptop Studio 2
A powerful laptop that delivers speed, graphics and versatility to run business-critical apps.

LARGE SCREEN

Devices that revolutionised a new category of computing focused on flexibility and collaboration.

Best for: Hybrid meetings, designers, executives, board rooms.

Surface Hub 3
Enable teamwork anywhere with this Microsoft Teams-certified meetings platform and modern collaborative canvas.

ACCESSORIES

Take productivity and collaboration to the next level with accessories that power hybrid work, and Microsoft Teams certified accessories that deliver best in class voice, audio, video and experiences.

Get more when you invest in Surface

When decision makers choose Surface, they're extending what's possible for their people and a return on their investment.

Embracing a modern workplace involves equipping employees with the right tools for the job, powerful and versatile devices, user friendly apps, and enterprise-grade security, wherever they work.

Microsoft Surface devices enable simplified IT management and operational efficiency to deliver return on investment.¹

Direct savings

With device consolidation, reduced spend on device peripherals, higher residual value, and lower operational costs.

IT simplicity

With less time to deploy, manage, support, and secure.

Empowering employees

With devices to enhance mobility, drive employee collaboration and deliver productivity gains.

"Microsoft Surface and Microsoft 365 are up to 2.8x ROI positive over 3 years."

Get AI ready with Microsoft

Surface brings software and hardware together – from device to cloud – to build an end-to-end AI experience that supports employees, IT, and business.

Copilot¹ is an intelligent assistant that helps you get answers and inspiration from across the web, supports creativity and collaboration, and helps you focus on the task at hand.

- Surface lets you engage with Copilot in ways that are natural and intuitive through keyboard, pen, touch, and voice.
- Copilot and Surface provide world-class security for your data and content, from chip-to-cloud.
- Copilot in Windows 11 and Microsoft 365 have been tested with and built using Surface devices to ensure the best possible experience.

 Learn more at Microsoft Surface for Business

SURFACE AND THE AI BENEFIT

Employees

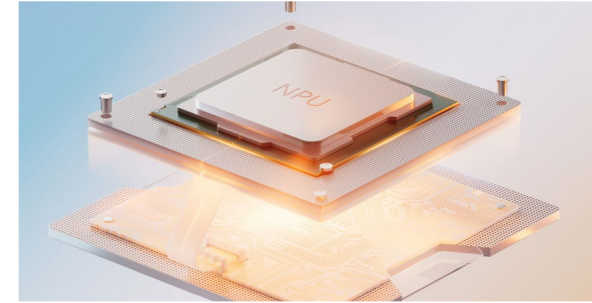

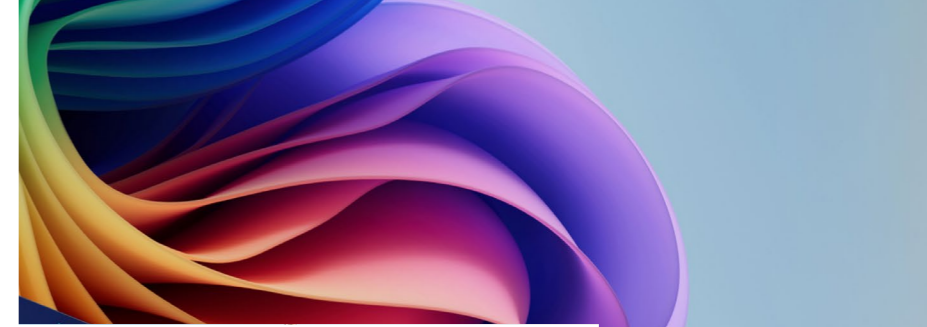

Unlock Windows Studio Effects for video-conferencing to enable better collaboration. Versatile input options provide diverse ways of interacting with Microsoft Copilot² boosting productivity while keeping employees in their flow.

IT

AI leverages chip-to-cloud security, enabling organisations to maintain privacy and control of their data. Prepare for the future of work and AI adoption with Surface devices that enable modern management and security practices.

Business

Improve employee experiences now and be ready to take advantage of innovations to come. Microsoft's approach to Surface and AI ensures a commitment to performance and security.

What is an AI PC?

A PC with new NPU silicon that brings better AI experiences in productivity, creativity, and security through a combination of the CPU, GPU, and the new NPU.

¹Copilot is rolling out gradually in preview within the latest update to Windows 11 in select global markets. To use Copilot with commercial data protection, see <https://www.microsoft.com/chat/enterprise/ai/oma-MAX3NY>
²When Copilot for Windows is not available or enabled on the device, pressing the Copilot key will launch Windows Search. See aka.ms/WindowsAIFeatures

Built for security, designed for trust

Held to the same standard as all Microsoft services and software, Surface devices provide uncompromising chip-to-cloud security, putting ultimate control in your hands, and providing peace of mind wherever and however work gets done.

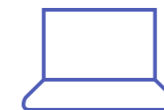

Microsoft security at every level

Every layer of Surface from chip to cloud is maintained by Microsoft, giving you ultimate control, proactive protection, and peace of mind wherever and however work gets done.

Powerful Windows security by default

The new set of hardware security requirements that comes with Windows 11 is designed to build a foundation that is even stronger and more resilient to attacks.

Ultimate control with remote device management

IT admins can monitor device health remotely, gain insights, and retain control over security updates on your timeline. Surface meets every standard for a highly-secured PC.

Enterprise ready by default

Standard on Surface for Business products: advanced security protections, enterprise manageability, and enhanced productivity tools.

Extend what's possible with Windows 11

The right hardware combined with the right software = Surface + Windows 11.

Place people at the centre of work and collaboration with devices that offer performance, productivity and chip-to-cloud security.

With Surface and Windows 11, you could gain:

Faster performance
42% faster completion of demanding workloads on average.¹

Supercharged efficiency
50% faster workflows on average.¹

Latest security updates
58% reported drop in security incidents.²

Designed to work with existing technology
80% reduced number of helpdesk tickets.¹

POWERFUL FOR EMPLOYEES. STREAMLINED FOR IT. SECURE FOR ALL.

As the only devices made by and for Microsoft, Surface provides a best-in-class Windows 11 experience. You're investing in a product that offers a seamless experience across hardware, software, and cloud services, allowing your business to experience the full potential of Microsoft's ecosystem.

For IT admins:

- Cloud-based, remote device management
- Microsoft security at every layer
- Monitor health and view insights of all devices in one centralised view
- Zero-touch deployment

For end users:

- Premium inking, touch, and typing experiences
- Industry-leading audio and video for the best virtual collaboration experience
- Hardware-accelerated AI experiences
- Flexible and adaptable form factors

THE TIME IS NOW

Support for Windows 10 is ending in October 2025, meaning older devices will no longer receive security and feature updates. Modernise your devices now to help ensure a smooth upgrade path and benefit from the latest device and operating system (OS) features.

Thoughtfully designed to inspire

Surface inclusively designed products can improve the way people with disabilities live, work, play, and learn.

In our design practice at Microsoft, we believe in:

"Nothing About Us, Without Us."

We design with the disability community, and through user experience research and insights fielded by the community. Following our three Microsoft inclusive design principles, we create products and services that empower people with disabilities to achieve more:

- Recognise exclusion
- Learn from diversity
- Solve for one, extend to many

Community focused

We work with our disability community to adapt the device to the user, not the user to the device.

Inclusive by design

We have prioritised embedding accessibility into the DNA of our company, so that it is included and defined in the development lifecycle of products. Designing for billions starts with designing for one.

Choice and flexibility

We are not striving to make every Surface for everyone. We are striving to make a Surface for you. By integrating Surface devices with accessible accessories, extended by partnerships, we open up the ecosystem for everyone.

Could accessibility be the secret to business growth?

Inclusive from concept to creation

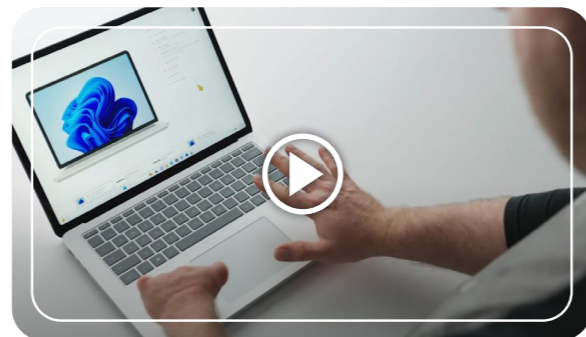

We leverage Microsoft's inclusive design principles when building Surface products and accessories – to be a true platform for accessibility and enable equitable outcomes for all.

Adaptive Touch Mode

The Surface Precision Haptic Touchpad is the most inclusive touchpad on the market. With adaptive touch mode, it can be used with different parts of a user's limbs, delivering tactile feedback that stimulates the feeling of physical clicks or taps. This empowers users with limited mobility to unlock creativity.

- Perfect for users with limited mobility or different dexterity capabilities.
- Adjust sensitivity and responsiveness.
- Responds to various input methods, including palms, feet, or residual limbs.

Take a look at the new adaptive touchmode in Surface Laptop Studio 2:

Surface Pro Flex Keyboard

This 2-in-1 keyboard includes the flexibility for users to work in the most natural position for them. With improved visibility, it makes keys more accessible making it easier to type.

- Features the precision haptic touchpad.
- Attachable and detachable.
- Optional bold keyset with larger and bold font, high contrast and brighter backlighting.

[Learn more about Adaptive Accessories](#)

Surface Adaptive Kit

Makes it easier to navigate your Surface, helping you identify critical keys, match ports and cables, and open your Surface.

Microsoft Adaptive Mouse

Attach, detach, or switch sides, the thumb support accessory goes where you want it to. Compact, light, and easy to pair.

Microsoft Adaptive Hub

Replace or augment traditional keyboards by creating your own custom inputs and pair with up to four wireless adaptive buttons and standard wired connections.

Simplifying device repair

Surface repairability provides more control, more options and better value for customers to choose what best fits the needs of the business.

Microsoft Surface developed a self-repair model that simplifies the process, so when an incident happens, a device can be brought back online quickly.

 Learn more on Surface for Business Service and Repair

 Streamline device management with the NEW Surface IT Toolkit

More control

Manage your device health at scale through the available Support Portals, improve data security with Microsoft's Drive (SSD) retention, and reduce downtime with access to self-repair.

More options

Maximise efficiency with self-repair, send your device to Microsoft for a trusted repair, or for a tailored repair solution, use one of our many Authorised Service Providers (ASP) to get you back online.

Better value

Microsoft's reduce, reuse, and recover circularity model minimises waste, and with Microsoft's IT Management Portals, reduce manual work and lowers IT costs. With Microsoft Protection Plans you can protect your investment and extend the use of the device.

 Find out more on Repair Options and Protection Plans on page 50

Streamlined management

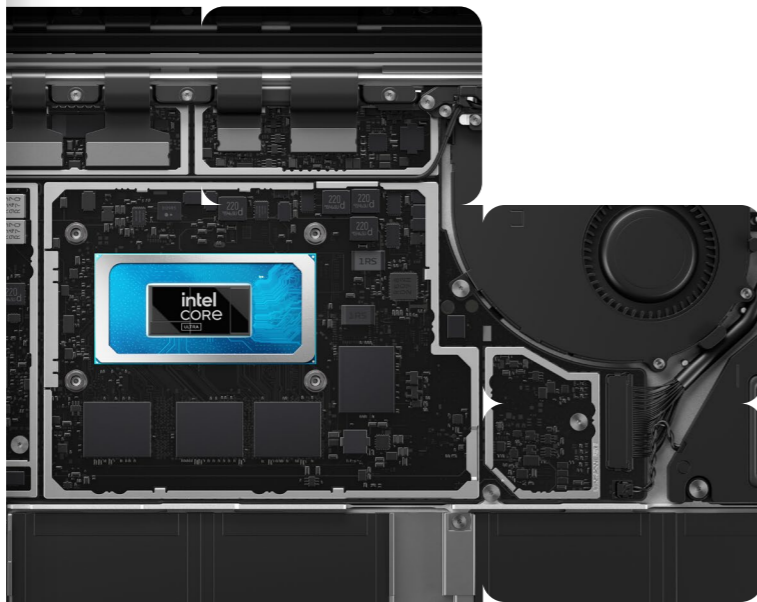

Surface delivers powerful tools and management solutions that help businesses easily and efficiently control the health, apps, and functionality of their organisation's devices and streamline lifecycle management.

Optimised support

Surface provides comprehensive resources and multiple options to support customers. For customised repair solutions, businesses can utilise a Surface Authorised Service Provider to support their bespoke needs.

Investment protection

Each Surface device comes with a one-year Microsoft Limited Hardware Warranty. For customers who want to maximise and protect their Surface investments beyond the warranty, they can purchase one of the available Microsoft Protection Plans.

¹ Device damage caused during self-service repair will not be covered under Microsoft's Hardware Warranty or protection plans.

² Service and repair facilities vary by region.

³ Protection Plans vary by market. Please visit the [Surface Warranty and Protection Plan](#) page to see availability.

Sustainability at Surface

Surface products are designed with the circular economy in mind and play a key role in helping Microsoft achieve its 2030 sustainability commitments. We have set strategies and goals for reducing waste and carbon emissions associated with devices and supply chain, making sustainability a core part of the Surface product promise.

PRODUCT DESIGN

Reducing carbon footprint

Materials, repairability, and packaging

From idea to build, Microsoft Surface is designing our devices to lower carbon emissions and reduce resource use:

- More recycled materials
 - More repairable
- Thoughtful packaging

SUPPLY CHAIN

Designing with circularity

Manufacturing Delivery

Driving impactful change with dedication to responsible device manufacturing:

- Supplier collaboration
- Supply Chain integrity
- Responsible use of resources

SOFTWARE AND TOOLS

Reducing carbon footprint

Windows 11 Surface carbon estimator

Combined with Windows 11:

- Reduce energy usage
- Ecolabel certifications
- Device Carbon footprint

WARRANTY²⁶

1-year limited hardware warranty

PEN AND ACCESSORIES COMPATIBILITY²⁷

Pen compatibility:
Designed for Surface Slim Pen
Integrated storage and wireless charging for Surface Slim Pen with Surface Pro Keyboard and Surface Pro Flex Keyboard²⁸
Supports tactile signals with Surface Slim Pen
Supports Microsoft Pen Protocol (MPP)

Keyboard compatibility:

- Surface Pro Flex Keyboard
- Surface Pro Keyboard with pen storage
- Surface Pro Signature Keyboard
- Surface Pro Keyboard
- Surface Pro X Signature Keyboard
- Surface Pro X Keyboard

KICKSTAND

Kickstand with 165-degrees full friction hinge

NETWORK AND CONNECTIVITY

Wi-Fi only models:

- Wi-Fi 7²⁹

• Bluetooth® Core 5.4 technology

Wi-Fi+5G models:

- Wi-Fi 7²⁹

Bluetooth® Core 5.4 technology

Location: GNSS L1, GPS, Galileo, BeiDou, QZSS and NAVIC support

NanoSIM and eSIM support³⁰

Supports 5G³¹

Cellular

- 5G-NR SA/NSA, Release 15, DL 256 QAM up to 2.
- Gbps, 4x4 MIMO, UL 256 QAM
- 4G Gigabit LTE – Advanced Pro, Release 15, DL Cat 19 up to 1.6 Gbps, 256QAM, 4x4 MIMO, 5x DL CA, UL Cat 18, 256 QAM, Contiguous 2x ULCA
- 5G-NR Bands n1, n2, n3, n5, n7, n8, n12, n14, n20, n25, n26, n28, n29, n30, n38, n40, n41, n48, n66, n71, n77, n78, n79
- LTE Bands 1, 2, 3, 4, 5, 7, 8, 12, 13, 14, 19, 20, 25, 26, 28, 29, 30, 38, 39, 40, 41, 42, 48, 66, 71
- WCDMA Bands 1, 2, 4, 5, 8

ENERGY USAGE [JAPAN]³²

Wi-Fi only models:
構成 : 12区分17.48kWh/年(AAA)
Wi-Fi+5G models:
構成 : 12区分17.48kWh/年(AA)

RADIO FREQUENCY [FRANCE]

Wi-Fi only models:
Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 0,46 W/kg pour le tronc et de 0,46 W/kg pour les membres.
WiFi+5G models:
Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 1,49 W/kg pour le tronc et de 1,49 W/kg pour les membres.

¹System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000 GB. [Surface.com/Storage](#) more details. ²32GB memory and 1TB storage option available for Surface Pro Wi-Fi only models. ³Solid State Drive (SSD) Retention is only available on Microsoft Surface devices in which the SSD is marketed as removable per the Technical Specifications. ⁴Solid State Drive (SSD) Retention is included in both Extended Hardware Service Plus and Microsoft Complete for Business Plus and is also available as an Optional Add-on when purchasing Microsoft Extended Hardware Service and Microsoft Complete for Business. Devices returned to Microsoft with a missing Solid State Drive (SSD) replacement fee unless the device is enrolled in the Drive (SSD) Retention program. ⁵In select markets, only specific configurations come with 39 W Surface power supply. Fast Charging (from 5% to 80%) is supported with minimum 45W Surface power supply or USB-C® PD charger, sold separately. Testing was conducted at Microsoft in February 2024, using pre-production devices, software, and minimum of 45W USB-C® charger under controlled conditions. The device was powered on to the desktop screen with default display brightness settings. Actual charge time will vary based on operating conditions. Measured at typical office ambient temperature of 23C. ⁶Surface Pro with Wi-Fi+5G models only. ⁷Wi-Fi only models. Based on local video playback test. Testing conducted by Microsoft in April 2024 using preproduction software and preproduction Surface Pro Snapdragon® X Plus C10 256GB and 512GB, 16GB RAM (OLED), Wi-Fi only devices and Surface Pro Snapdragon® X Elite C12 1TB 32GB RAM (OLED), Wi-Fi only devices. Testing consisted of full battery discharge during video playback of a .mov file through the Windows Media Player application in 1080p at 24 FPS. All settings were default except screen brightness set to 150 nits with Auto-brightness disabled. ⁸Surface Pro with Wi-Fi+5G models only. ⁹Surface Pro with Wi-Fi+5G models only. ¹⁰Surface Pro with Wi-Fi+5G models only. ¹¹Surface Pro with Wi-Fi+5G models only. ¹²Requires Dolby Vision® encoded content and video. ¹³Requires Dolby Atmos® encoded content and audio. ¹⁴Surface Pro display has rounded corners after a standard rectangular shape the screen is 13" diagonally (actual viewable area is less). ¹⁵Requires Dolby Vision® encoded content and video. ¹⁶HDR requires HDR content and enabling HDR in device settings. ¹⁷Replacement components available through Surface Commercial authorised device resellers. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required. Availability of replacement components and service options may vary by product, market and over time. See Surface service options - Surface | Microsoft Learn. Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Unless required by law, device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. ¹⁸Surface Pro with Wi-Fi+5G models only. ¹⁹Surface Pro Flex Keyboard with optional bold keyset available only in US English. ²⁰Requires Windows 11. ²¹Available for Surface Pro Wi-Fi only models. ²²Colours available on selected models only. Available colours, sizes, finishes, and processors may vary by store, market, and configuration. ²³Enclosure includes Bucket and Kickstand. 100% recycled aluminium alloy in Bucket and Kickstand. 100% recycled rare earth metals in magnets. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure, UL 2809-2, Second Edition, November 7, 2023. ²⁴For Surface Pro for Business (11th Edition) options with power supply included. For options without a power supply, packaging is UL Validated to contain a minimum of 72% recycled content. Based on Environmental Claim Validation Procedure (ECPV) for Recycled Content, UL ECVP 2809-2, Second Edition, dated November 7, 2023. Recycled Content is defined in accordance with ISO 14021. ²⁵Please refer to the EPAT registry for current ratings. Ratings can vary by country, may change over time, and products are eventually archived. ²⁶Microsoft's Limited Warranty is in addition to your consumer law rights. ²⁷Pen and keyboard sold separately. ²⁸Applies to Surface Pro Keyboard with pen storage, Surface Pro Flex Keyboard, and Surface Pro Keyboard. ²⁹5G band not available in all regions. ³⁰eSIM support may vary by carrier. ³¹Options with 5G coming Fall 2024. Surface Pro 10 Wi-Fi+5G models only. ³²Not available in all areas; compatibility and performance depend on carrier network, plan and other factors. See carrier for details and pricing. ³³Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 2 W/kg pour la tête et le tronc et de 4 W/kg pour les membres. Consultez cette page pour en savoir plus.

Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 0.658 W/kg pour le tronc et de 2.918 W/kg pour les membres.

¹System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000 GB. [Surface.com/Storage](#) for more details. ²Solid State Drive (SSD) Retention is only available on Microsoft Surface devices in which the SSD is marketed as removable per the Technical Specifications. Solid State Drive (SSD) Retention is included in both Extended Hardware Service Plus and Microsoft Complete for Business plans and is also available as an Optional Add-on when purchasing Microsoft Surface Extended Hardware Service and Microsoft Complete for Business. ³Bluetooth® LE Audio is subject to a Solid State Drive (SSD) retention offer. ⁴Surface Pro 10 Wi-Fi models only. ⁵Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See [aka.ms/SurfaceBatteryPerformance](#) for details. ⁶Testing conducted by Microsoft in February 2024 using preproduction Windows 11 software and preproduction Surface Pro 10 Intel® Core™ Ultra 5 processor 165U, 512GB/16GB RAM, Wi-Fi only devices. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consisted of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilising Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. Personalisation colours set to Light mode for Windows and apps. All settings were default except screen brightness was set to 150 nits with auto-brightness and adaptive colour disabled. Wi-Fi was connected to a network. Tested with Windows 11 Version 22H2.3085. Battery life varies significantly with settings, usage, and other factors. ⁷In select markets, only specific configurations come with 39 W Surface power supply. Fast Charging (from 5% to 80%) is supported with minimum 45W Surface power supply or USB-C® PD charger, sold separately. Testing was conducted at Microsoft in February 2024, using pre-production devices, software, and minimum of 45W USB-C® charger under controlled conditions. The device was powered on to the desktop screen with default display brightness settings. Actual charge time will vary based on operating conditions. Measured at typical office ambient temperature of 23°C. ⁸Surface Pro 10 Wi-Fi+5G models only. ⁹Might vary depending on manufacturing processes. ¹⁰Weight not including Keyboard. ¹¹Windows 10 is not available for purchase but is supported by Wi-Fi only configurations of Surface Pro 10. ¹²Windows 10 is not supported on Surface Pro 10 Wi-Fi+5G configurations. Visit [aka.ms/SurfaceSupportedOperatingSystems](#) for more information. ¹³Requires license or subscription (sold separately) to activate and use. ¹⁴Activation required. If your device is managed by your organisation's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See [aka.ms/m365businesstrialinfo](#). ¹⁵Voice focus requires activation, requires Windows 11 and is available in apps which use integrated device microphones and use certain Windows audio processing modes. ¹⁶Requires Dolby® Atmos® encoded content/audio. ¹⁷Surface Pro 10 display has rounded corners within a standard rectangle. When measured as a standard rectangular shape the screen is 13" diagonally (actual viewable area is less). ¹⁸Requires Dolby Vision® encoded content and video. ¹⁹The Surface Pro 10 display has been designed to minimise unwanted reflections and has been certified by TÜV SÜD to meet the requirements of ISO 9241-307. ²⁰Replacement components available through Surface Commercial authorised device resellers. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required. Availability of replacement components and service options may vary by product, market and over time. See [Surface service options - Surface | Microsoft Learn](#). Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Unless required by law, device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. ²¹Surface Pro Keyboard with optional bold keyset available only in US English. ²²Colours available on selected models only. Available colours, sizes, finishes, and processors may vary by store, market, and configuration. ²³Enclosure includes Bucket and Kickstand. 100% recycled aluminium alloy in Bucket and Kickstand. 100% recycled rare earth metals in magnets. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure. UL 2809-2, Second Edition, November 7, 2023. ²⁴For Surface Pro 10 for Business options with power supply included. For options without a power supply, packaging is UL Validated to contain a minimum of 72% recycled content. Based on Environmental Claim Validation Procedure (ECVP) for Recycled Content, UL ECVF 2809-2, Second Edition, dated November 7, 2023. Recycled Content is defined in accordance with ISO 14021. ²⁵Please refer to the EPEAT registry for current ratings. Ratings can vary by country, may change over time, and products are eventually archived. ²⁶Microsoft's Limited Warranty is in addition to your consumer law rights. ²⁷Sold separately. ²⁸6GHz band not available in all regions. ²⁹eSIM support may vary by carrier. ³⁰Options with 5G coming Fall 2024. Surface Pro 10 Wi-Fi+5G models only. 5G not available in all areas; compatibility and performance depends on carrier network, plan and other factors. See carrier for details and pricing.

BATTERY CAPACITIES²

Battery capacity Nominal (Wh) 29
Battery capacity Min (Wh) 28

¹System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB = 1 billion bytes. 1 TB = 1,000 GB. See [Surface.com/Storage](#) for more details. ²Might vary depending on manufacturing processes. ³Weight not including Type Cover. ⁴Testing conducted by Microsoft in May 2023 using preproduction Windows 11 software and preproduction Surface with Intel® Processor N200, 128 GB, 8 GB RAM devices. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilising Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150 nits with Auto-Brightness and Adaptive Colour disabled. Wi-Fi was connected to a network. Tested with Windows 11 Version 10.0.22621.1485 (22H2). Battery life varies significantly with settings, usage, and other factors. ⁵Voice Clarity requires Windows 11 and is available in apps which use integrated device microphones and use certain Windows audio processing modes. ⁶Sold separately. ⁷Requires license or subscription (sold separately) to activate and use. ⁸Activation required. If your device is managed by your organisation's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See <https://aka.ms/m365businessinfo>. ⁹Keypad labels can fit on the keys on the Surface Go Type Cover and Surface Laptop Go, but will require a more precise application due to the key size. ¹⁰Customer Replaceable Units (CRUs) are components available for purchase through your Surface Commercial Authorised Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's [Service Guide](#). Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. Availability of replaceable components and service options may vary by market and/or at initial product launch. ¹¹Microsoft's Limited Warranty is in addition to your consumer law rights.

RADIO FREQUENCY (FRANCE)²¹

Surface Laptop 13.8": Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 1.25 W/kg pour le tronc et de 1.25 W/kg pour les membres

Surface Laptop 15": Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 0.51 W/kg pour le tronc et de 0.51 W/kg pour les membres

FRENCH REPAIRABILITY INDEX (France)

[Découvrez comment l'indice de réparabilité est calculé](#)

¹System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1 GB = 1,000 GB. See [Surface.com/Storage](#) for more details. ²Solid State Drive (SSD) Retention is only available on Microsoft Surface devices in which the SSD is marketed as removable per the Technical Specifications. Solid State Drive (SSD) Retention is included in both Extended Hardware Service Plus and Microsoft Complete for Business Plus and is also available as an Optional Add-on when purchasing Microsoft Extended Hardware Service and Microsoft Complete for Business. Devices returned to Microsoft with a missing Solid State Drive (SSD) are subject to a Solid State Drive (SSD) replacement fee unless the device is enrolled in the Drive (SSD) Retention offer. ³13.8" Surface Laptop comes with 39 W Surface power supply. Fast charging (from 5% to 80%) is supported with minimum 45W Surface power supply or USB-C® PD charger, sold separately. Testing was conducted at Microsoft in February 2024, using pre-production devices, software, and minimum of 45W USB-C® charger under controlled conditions. The device was powered on to the desktop screen with default display brightness settings. Actual charge time will vary based on operating conditions. Measured at typical office ambient temperature of 23C. ⁴Wi-Fi 7: 802.11be supported, Wi-Fi 6E: 802.11ax compatible. Availability may vary by market. ⁵Up to 20 hours of battery life based on local video playback test on Surface Laptop 13.8". Testing conducted by Microsoft in April 2024 using preproduction software and preproduction Surface Laptop Snapdragon® X Plus C10 256GB, 16GB RAM devices. Testing consisted of full battery discharge during video playback of a .mov file through the Windows Media Player application in 1080p at 24 FPS. All settings were default except screen brightness set to 150 nits with Auto-brightness disabled. Wi-Fi was connected to a network. Tested with Windows 11. Battery life varies significantly with settings, usage, and other factors. ⁶Up to 13 hours of active web usage based on web browsing test on Surface Laptop 13.8". Testing conducted by Microsoft in April 2024 using preproduction software and preproduction Surface Laptop Snapdragon® X Plus C10 256GB, 16GB RAM devices. Testing consisted of full battery discharge while accessing eight popular websites over multiple open tabs through the browser. All settings were default except screen brightness set to 150 nits with Auto-brightness disabled. Wi-Fi was connected to a network. Tested with Windows 11. Battery life varies significantly with settings, usage, and other factors. ⁷Up to 15 hours of battery life based on based web browsing test on Surface Laptop 15". Based on web browsing test. Testing conducted by Microsoft in April 2024 using preproduction software and preproduction Surface Laptop Snapdragon® X Elite C12 512GB, 16GB RAM devices. Testing consisted of full battery discharge while accessing eight popular websites over multiple open tabs through the browser. All settings were default except screen brightness set to 150 nits with Auto-brightness disabled. Wi-Fi was connected to a network. Tested with Windows 11. Battery life varies significantly with settings, usage, and other factors. ⁸Sold separately. Software license required for some features. ⁹Activation required. If your device is managed by your organisation's IT department, contact your IT administrator for activation. If you activate your trial outside your organisation, after 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See [aka.ms/WindowsFeatures](#). ¹⁰Available on select devices. ¹¹HDR requires HDR content and enabling HDR in device settings. 2666Hz band not available in all regions. ¹²Feature availability varies by market, see [aka.ms/WindowsFeatures](#). ¹³When Copilot for Windows is not available or enabled on the device, pressing the Copilot key will launch Windows Search. ¹⁴Voice focus requires activation, requires Windows 11 and is available in apps which use integrated device microphones and use certain Windows audio processing modes. ¹⁵Requires Dolby® Atmos® encoded content/audio. ¹⁶Replacement components available through Surface Commercial authorised device resellers. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required. Availability of replacement components and service options may vary by product, market and over time. See [Surface.com/serviceoptions](#) – [Surface | Microsoft Learn](#). ¹⁷Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Unless required by law, device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. ¹⁸Requires Windows 11. ¹⁹Colours available on selected models only. Available colours, sizes, finishes, and processors may vary by store, market, and configuration. ²⁰Enclosure includes A Cover, C Bucket and D Cover. 100% recycled aluminium alloy in A Cover and C Bucket. 100% recycled rare earth metals in magnets. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure (ECVP) for Recycled Content. UL 2809-2, Second Edition, November 7, 2023. ²¹Replacement components available through Surface Commercial authorised device resellers. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required. Availability of replacement components and service options may vary by product, market and over time. See [Surface.com/serviceoptions](#) – [Surface | Microsoft Learn](#). ²²Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Unless required by law, device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. ²³Microsoft's Limited Warranty is in addition to your consumer law rights. ²⁴Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 2 W/kg pour la tête et le tronc et de 4 W/kg pour les membres. Consultez [cette page](#) pour en savoir plus.

76% recycled content in wood-based fibre packaging

ENERGY EFFICIENT

ENERGY STAR® certified
Registered EPEAT® Gold¹⁸

REPAIRABILITY

More replaceable components than Surface Laptop 5.
Built-in QR code provides convenient access to instructions.¹⁵

SURFACE TRADE-IN

We make trade-in convenient and secure for our commercial customers in the USA at Microsoft Trade In Program

Microsoft is committed to be carbon negative, water, positive, and achieve zero waste by 2030. Learn more about how we design with sustainability in mind: [Sustainable Products & Solutions | Microsoft CSR](#)
[Microsoft Surface Sustainability - Microsoft Sustainability](#)

WARRANTY¹⁹

1-year limited hardware warranty

PEN AND ACCESSORIES COMPATIBILITY

Supports Microsoft Pen Protocol (MPP)

NETWORK AND CONNECTIVITY

Wi-Fi 6E: 802.11ax compatible²⁰
Bluetooth® Wireless 5.3 technology

¹See [www.displayport.org](#) for details on cables that support DisplayPort 2.1. ²System System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000 GB. [Surface.com/Storage](#) more details. ³Solid State Drive (SSD) Retention is only available on Microsoft Surface devices in which the SSD is marketed as removable per the Technical Specifications. ⁴Solid State Drive (SSD) Retention is included in both Extended Hardware Service Plus and Microsoft Complete for Business Plus and is also available as an Optional Add-on when purchasing Microsoft Extended Hardware Service and Microsoft Complete for Business. Devices returned to Microsoft with a missing Solid State Drive (SSD) replacement fee unless the device is enrolled in the Drive (SSD) Retention offer. ⁵Integrated smart card reader available only on Surface Laptop 6 in Black in one of these configurations: 15" 5/16/512, 7/16/256, 7/16/512, 7/32/512 and only in US and Canada. ⁶Battery life varies significantly based on usage, network and feature configuration, signal strength, settings and other factors. See [aka.ms/SurfaceBatteryPerformance](#) for details. ⁷Up to 18.5 hours of battery life based on typical Surface device usage on Surface Laptop 6 for Business 13.5-inch. Testing conducted by Microsoft in February 2024 using preproduction Windows 11 software and preproduction Surface Laptop 6 for Business Intel® Core™ Ultra 7 processor 165H 256 GB SSD, 16 GB RAM. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing eight popular websites over multiple open tabs, (2) a productivity test utilising Microsoft Word, PowerPoint, Excel, OneNote and Outlook, and (3) a portion of time with the device in use with idle applications. Personalisation colours set to Light mode for Windows and apps. All settings were default except screen brightness was set to 150 nits with auto-brightness and adaptive colour disabled. WiFi was connected to a network. Tested with Windows 11 Version 22H2.3085. Battery life varies significantly with settings, usage and other factors. ⁸Might vary depending on manufacturing processes. ⁹Windows 10 is not available for purchase but is supported by Surface Laptop 6. Visit [https://aka.ms/SurfaceSupportedOperatingSystems](#) for more information. ¹⁰Sold separately. Software license required for some features. ¹¹Activation required. If your device is managed by your organisation's IT department, contact your IT administrator for activation. If you activate your trial outside your organisation, after 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See [https://aka.ms/m365BusinessInfo](#). ¹²Feature availability varies by market. See [aka.ms/WindowsAIFeatures](#). ¹³When Copilot for Windows is not available or enabled on the device, pressing the Copilot key will launch Windows Search. ¹⁴Voice focus requires activation. ¹⁵Windows 11 and is available in apps which use integrated device microphones and use certain Windows audio processing modes. ¹⁶Requires Dolby® Atmos® encoded content/audio. ¹⁷Requires Dolby Vision® encoded content and video. ¹⁸The Surface Pro 10 display has been designed to minimise unwanted reflections and has been certified by TÜV SÜD to meet the requirements of ISO 9241-307. Testing and certification has been performed by TÜV SÜD and is valid until 03/26/2029. ¹⁹Replacement components available through Surface Commercial authorised device resellers. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required. Availability of replacement components and service options may vary by product, market and over time. See [Surface service options - Surface | Microsoft Learn](#). Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Unless required by law, device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. ²⁰Colours available on selected models only. Available colours, sizes, finishes, and processors may vary by store, market, and configuration. ²¹Enclosure includes A Cover, C Cover and D Bucket. 100% recycled aluminium alloy in A Cover. 100% recycled rare earth metals in magnets. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure for Recycled Content, UL 2809-2, Second Edition, November 7, 2023. ²²Please refer to the EPEAT registry for current ratings. Ratings can vary by country, may change over time, and products are eventually archived. ²³Microsoft's Limited Warranty is in addition to your consumer law rights. ²⁴WiFi 6E is not available in all areas.

Battery Capacity Min (WH) 40

SUSTAINABILITY¹¹

Meets ENERGY STAR® requirements

Registered EPEAT® Gold in the US and Canada¹²

[Sustainable Products & Solutions | Microsoft CSR](#)

¹Battery life varies significantly based on device configuration, usage, network and feature configuration, signal strength, settings and other factors. See [aka.ms/SurfaceBatteryPerformance](#) for details. ²Customer Replaceable Units (CRUs) are components available for purchase through your Surface Commercial Authorised Device Reseller. Components can be replaced on-site by a skilled technician following [Microsoft's Service Guide](#). Opening and/or repairing your device can present electric shock, fire and personal injury risk and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. Availability of replaceable components and service options may vary by market and/or at initial product launch. ³Might vary depending on manufacturing processes. ⁴Voice Clarity requires Windows 11 and is available in apps which use integrated device microphones and use certain Windows audio processing modes. ⁵Windows 10 is not available for purchase but is supported by Surface Laptop Go 3. Visit [https://aka.ms/SurfaceSupportedOperatingSystems](#) for more information. ⁶Requires licence or subscription (sold separately) to activate and use. ⁷Activation required. If your device is managed by your organisation's IT department, contact your IT administrator for activation. After one month trial, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See [https://aka.ms/m365Businesstrialinfo](#). ⁸Validated 30% post-consumer recycled plastics based on Environmental Claim Validation Procedure (ECVP) for Recycled Content. UL ECVP 2809-2, First Edition, Dated 6 April 2023. ⁹Microsoft's Limited Warranty is in addition to your consumer law rights. ¹⁰Actual rating Nominal (WH) 40.98 and Min (WH) 39.7. ¹¹Download the full Eco profile – [https://aka.ms/SurfaceLaptopGo3_EcoProfile](#). ¹²For more information on registration in other markets check – [https://aka.ms/SurfaceLaptopGo3_EPPEAT](#).

Microsoft Protection Plans

A range of Microsoft Protection Plans enable your organisation to hit the ground running when you deploy Surface and help you to stay productive when issues arise.

Investment protection

Each Surface device comes with a 1-year Microsoft Limited Hardware Warranty¹. For customers who want to maximise and protect their Surface investments beyond the warranty they can opt to purchase one of the available Microsoft Protection Plans. The extended coverage protects their device investment and helps extend the use of their Surface devices and avoid unplanned expenses.

Warranty & Protection Plan benefits:

- Customer centric support for service and repair.
- Support tools and information to track device health at-scale, across a customer's hybrid workforce.
- Ongoing access to Microsoft's robust online Surface support articles and communities.

Additional Protection Plan options:

- Accidental damage – protection from drops, spills, and cracked screens.
- Drive (SSD) retention – retain the SSD during a service event.
- Advanced exchange and next business day exchange – a replacement device is shipped to customer prior to receiving the damaged device.

¹Without prejudice to any legal (statutory) rights to which you may be entitled under your local law, Microsoft Limited Hardware Warranty covers your device or replacement component from the date of original purchase from Microsoft or an authorised reseller. Exclusions and limitations apply. Please refer to [Microsoft Limited Hardware Warranty & Agreement](#).

¹ Some software, accessories and devices sold separately.

² Keycap labels can fit on the keys on the Surface Go Type Cover and Surface Laptop Go, but will require a more precise application due to the key size.

Be seen in HD

Look your best on face-to-face calls with high-quality video that delivers facial retouching and autolight adjustment.

Be heard clearly

Mics capture your voice and help to reduce background noise so that you sound like you're meeting in person, even when you're not.

Catch every detail

High-quality stereo speakers let you focus on what's being said in your online meetings, not the ambient noise in your physical space.

Microsoft Adaptive Accessories

Augment or replace traditional mice and keyboards with a choice of highly adaptable, easy to use accessories that let you customise your own mouse, keyboard inputs, and shortcuts.¹

With Microsoft Adaptive Accessories, one size fits one you and empowers you to create your ideal setup, increase productivity, and use your favourite apps more effectively.

 [For more information, click here](#)

Microsoft Adaptive Accessories

Description	Part Number
Adaptive Mouse	J41-00002
Adaptive Hub	J71-00002
Adaptive Dual Button Mouse	J81-00002
Adaptive D-Pad Button Mouse	J85-00002
Adaptive Mouse Tail and Thumb Mouse	J61-00002

¹Microsoft Adaptive Mouse Tail and Thumb Support require Microsoft Adaptive Mouse. Each Microsoft Adaptive Accessory is sold separately.

²Microsoft Adaptive Button requires Microsoft Adaptive Hub. Components sold separately.

Create custom inputs without a keyboard

Easy to use anywhere. The hub has a slim and light design with easy to press buttons that are perfect for any workspace.

Connects to up to three devices wirelessly or via USB-C and connects wirelessly to up to four Microsoft Adaptive buttons.

Connect to your current assistive technology, such as third party digital buttons and switches, through five 3.5mm ports.

One button, multiple actions. Innovative, wireless button with eight digital inputs allow you to use your apps more effectively.²

Customise your experience with different buttons by choosing between a D-pad, joystick, or dual button (each component sold separately).

Create a mouse unique to you

The mouse core, tail extension, and thumb support create a traditional mouse that's light and portable.¹ Or use by itself for a compact mouse.

Easy to pair. Connect the mouse core wirelessly to up to three devices or via USB C connection.

Attach, detach, or switch sides. The thumb support easily switching sides for left or right handedness.¹
