Lenovo

Redefine what's possible for your most demanding users

In the era of AI computing, outshine your competition with the Lenovo ThinkPad® X9 Aura Edition Series, imagined with Intel. These new devices are built to maximize your people's potential through game-changing hardware and exclusive experiences with next-gen AI capabilities—elevating performance and productivity throughout the day.

With Intel® Core™ Ultra 7 processors and Intel vPro®, you can drive unstoppable performance, personalization, productivity and protection—unleashing your competitive edge. Paired with three unique, smart experiences, the revolutionary Lenovo ThinkPad® X9 14 Aura Edition and Lenovo ThinkPad® X9 15 Aura Edition are built to elevate every user's talent.

Lenovo ThinkPad® X9 14 Aura Edition	
Sleek design. Uncompromising performance.	
CPU: Intel® Core™ Ultra 7 processor	RAM: Up to 32GB LPDDR5x 8533MT/s
Storage: Up to 2TB PCIe Gen4x4 SSD	Security: Intel vPro®
Display: 14" up to 2.8k OLED Touch, 90.9% screen-to-body ratio	Battery: 55 Whr
Weight: 1.21kg	Ports: 2x TBT4 (1 left, 1 right), HDMI 2.1 @60Hz, Audio jack
Camera: 8MP 4K, RGB + IR electronic webcam privacy shutter	Connectivity: Intel Wi-Fi 7 (5 Gig)
OS: Windows 11 Pro	NPU TOPS: Up to 48
Touchpad: Haptic TouchPad	

Lenovo ThinkPad® X9 15 Aura Edition	
Immersive experiences. All-day impact.	
CPU: Intel® Core™ Ultra 7 processor	RAM: Up to 32GB LPDDR5x 8533MT/s
Storage: Up to 2TB PCIe Gen4x4 SSD	Security: Intel vPro®
Display: 15.3" up to 2.8k OLED Touch, 91% screen-to-body ratio, X-Rite® color calibration	Battery: 80 Whr
Weight: 1.45kg	Ports: 2x TBT4 (1 left, 1 right), USB-A 10Gbps, HDMI 2.1 @60Hz, Audio jack
Camera: 8MP 4K, RGB + IR electronic webcam privacy shutter	Connectivity: Intel Wi-Fi 7 (5 Gig)
OS: Windows 11 Pro	NPU TOPS: Up to 48
Touchpad: Haptic TouchPad, Multi-touch TrackPad	

Lenovo ThinkPad® X9 Aura Edition Series, imagined with Intel

An ultra-premium user experience with next-gen AI capabilities

Smarter organizations want to bring out the best in their users. The game-changing Lenovo ThinkPad® X9 Aura Edition Series has completely reimagined user experience with three unique experiences that adapt to every user's workstyle.

Smart Modes

Power your teams with personalized settings to suit every user, ensuring productivity stays high and everyone can work in their preferred style.

- **Attention Mode** boosts productivity with pre-set distraction and alert blocking
- **Collaboration Mode** enhances audio and visuals in video conferences and online meetings
- **Wellness Mode** helps reduce eye fatigue and sends users an alert to correct their posture
- **Power Mode** optimizes power management for all-day performance while on the go
- **Shield Mode** reminds users to activate their VPN and helps maintain screen privacy

Smart Care^{1 2}

Stop IT issues in their tracks, with live 24/7/365 virtual support, accessible on both mobile and PC alongside personalized self-help.

Smart Share

Remove barriers between phone and laptop, with multi-device connectivity for Android and iOS phones. Users simply tap their phones to their PCs to seamlessly share content.

Performance elevating Intel features

Secure your competitive edge with up to Intel® Core™ Ultra 7 processors, designed to unleash next-generation use cases and AI workloads.

Bring AI onboard with Intel® AI Boost (NPU) freeing up the CPU for better performance, while AI processing and data are kept local to power Copilot+ PC and generative AI experiences—even when offline.

Optimize teams' creativity with Intel® Arc GPU, delivering maximized performance in advanced creation software.

Protect your devices below the OS with Intel vPro® Security.

¹ A valid Lenovo Support Services contract is required to unlock all features.

² Optional program; limited global availability.

Lenovo AI PC Services: Ready-to-deploy AI device solutions start here

Simplify, accelerate and enhance your adoption journey for the Lenovo ThinkPad® X9 Aura Edition Series, imagined with Intel

Lenovo AI PC Fast Start Services provide the hardware, software and expertise you need to de-risk adoption, accelerate success and unlock value from AI PCs at scale.

Personas and use-case identification

AI experts rapidly assess your environment, map the right personas and dig into your business goals to develop a use case for AI PCs.

ProvisionNow

Get your new technology ready faster. Configure, deploy and migrate to your new AI PCs and ensure a smooth, secure transition.

Copilot Adoption Services

Ensure streamlined deployment and seamless user integration to accelerate your Microsoft Copilot adoption.

Lenovo Premier Support Plus

Access AI-powered support solution to keep their AI PCs running and their workforce productive—anytime, anywhere.

Lenovo TruScale Device as a Service (DaaS)

Make your move to AI PCs simple, flexible and affordable with the Lenovo TruScale DaaS subscription model.

Lenovo CO₂ Offset Services

Offset the carbon emissions of your new AI PCs with Lenovo's support.

Excel in the new AI era with Lenovo and Econocom
